Dr. Bahjat Batarseh is originally from Jordan and now resides in Columbus, Ohio USA with his wife Dr. Nina Batarseh.

Academically, Dr. Batarseh has earned many doctorates. He is one of the best Bible teachers and evangelists. God has blessed him with a great gift of healing and prophecy. God has used him to heal thousands of people around the globe and to raise 3 dead people through his ministry.

Dr. Batarseh has many opportunities to minister to and prophesy over many national leaders, presidents, prime ministers and kings in various nations around the globe.

Dr. Batarseh had personal friendship with the late President of Pakistan, General Zia ul Haq, whose family members were healed through his prayers for them. It was Dr. Batarseh's intervention that on 25 October, 1986, a meeting of 154 Christian leaders was organized with the late President of Pakistan, General Zia ul Haq in Pearl Continent Hotel, Rawalpindi, Pakistan to discuss Daniel Scot's case of Blasphemy (the 1st case of Blasphemy Law 295c in September 1986). As a result, Daniel was able to leave Pakistan and come to Australia in 1987.

Come along to be inspired and encouraged by the ministry of Dr. Batarseh!

Mark the dates in your diary according to your area!

There will be an opportunity to bless his ministry work around the globe during all the above meetings!!
